Bridge Repairs on Sibley Road over the Little Calumet River

CHICAGO – The Illinois Department of Transportation (IDOT) announced that lane closures will take place on Sibley Road (Illinois 83) over the Little Calumet River, in Dolton and Harvey, for bridge repairs, beginning this week, weather permitting.

In order to complete the work, traffic on the structure that carries Sibley Road over the Little Calumet River will be reduced to one lane in each direction.

The project is expected to be completed in Fall 2017.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
